DELIVERING STREAMLINED MEDICARE SET-ASIDE SOLUTIONS

Led by Medicare-certified in-house Medical Management Consultants, **MEC MSA Solutions'** two-pronged approach to optimizing MSAs identifies both current Medicare expectations and opportunities to mitigate unnecessary cost. Our analytics include predictive modeling, data-driven insights, risk assessment, and operational adjustments to achieve unparalleled cost efficiency.

MEC MSA Solutions provides you with access to our network of preferred MSA vendors, who adhere to specialized protocols and offer pre-negotiated rates. We can also collaborate with any MSA vendor to review MSAs before submitting them to Medicare to ensure accuracy and seek to secure the lowest possible allocation.

UNLOCKING SAVINGS IN YOUR RETAINED LAYER

MEC MSA Solutions generates significant cost savings within the insureds' retained layer. Our team of experts completes hundreds of pre-MSA and MSA reviews annually that successfully posture claims for settlement, resulting in an average savings of $175,807 per claim.

PRE-MSA SERVICES

Our pre-MSA Services experts work with you early in the settlement process to identify Medicare exposure and uncover mitigation opportunities without the charge for obtaining an MSA. This analysis helps you understand potential obligations, minimize the MSA allocation, and avoid delays and costly mistakes.

MSA REVIEW

Our MSA-certified Medical Management Consultants and Attorneys review vendor-prepared MSAs to ensure accuracy, compliance with Medicare protocols, and consistency with medical records. We identify opportunities for mitigation, outline commonly accepted medical treatments and medication utilization by Medicare. Our team can also conduct reviews of expired MSA reports and any MSA obtained before it is submitted to Medicare.
